# The Velophon<sup>ic</sup> Orchestra

...is an orchestra that anyone can join!

On 11th August, right in the beating heart of Festival 2018 in George Square, we'll explore the possibilities of using bicycles as instruments: playing on bells, spokes, frames, saddles - you name it.

No previous bicycle-playing experience necessary - just follow the conductors and experience being part of the band as we create a piece of music to celebrate each of the four cycling disciplines of the Glasgow 2018 European Championships. There'll even be a part for non-cyclists!
